Mr. Tenney said the bill proposed an important innovation, and he thought such a change should not be made without great deliberation and very strong reasons. NEW AND VALUABLE SCHOOL BOOK!

■ tHE attention of School Commissees, Teachers and Parents is invited to the examination of "To venile Reaven," a selection of easy Reading Lessons, by a Teacher, a new edition of which, revised and corrected, we have just published. It is believed that the book is one which has been very much wanted in our common schools, and indeed're was compiled at the request of many of our best Teachers. The compiler is a gelitleman of known abilities, and long experience in his profession. The pieces in this, book, are chiefly selected from popular works designed for youth, and, it is believed, will have a healthy moral influence in those schools in which it is adopted. The book comes at a very low price and has been adopted in a great many Schools with decided approbation. and having been stereotyped, is free from the danger of having any alterations made in it, which is the greatest trouble with all school books.

Those connected with schools, or interested in any manner, are requested to call and examine it SMITH & FENNO,
